Dear Parent:

REQUEST

The purpose of this note is to ask your permission to include in a paper or electronic teaching portfolio your son/daughter's work samples, photographs or video images. Candidates for an initial teaching license in Wisconsin are required to create teaching portfolios that would include this information. The portfolios are examined in detail by the school and university teacher educators to assess student teachers' readiness to receive a teaching license. The electronic teaching portfolios are housed on a password-protected website that is under the control of the faculty and staff of the college or university teacher education program.
